Al Jolson

20 reflective recordings

GREAT VOCALISTS

ACADEMY PRICE
$8.99
The series is compiled from early, and in many cases, historical recordings. Any collection reflects not only different periods of the artist's work but also the varying, often limited, recording techniques available at the time.

Modern technology such as stereo enhancement and digital remastering have been used to preserve and reconstruct rare recordings that would otherwise have been lost. This Compact Disc, with its high resolution, can reveal limitations of the tape source, but will not hinder the pure musical listening pleasure of this valuable collector's reference series.
